The breeds eligible for this format are as defined by the ACFA Board of Directors.
 - [2] Conduct a Breed Congress "in addition to" all other Allbreed Shows. This Breed Congress would require an additional Judge and judging ring for the conduct of the Breed Congress. - b. Breed Congress Shows must have 25 or more cataloged entries for Best-in-Show awards to be credited toward claiming Grand Championship, Multiple Grand Championships, or to receive the allotted points for such wins used to determine the Year-End Awards.

Male or neutered cats entered in the Kitten, Championship, New Breed or Color [NBC], or Household Pet Classes may not be benched in adjoining cages in the Judging Ring.

Sec 2. One Judge Per Ring.

It is required that a separate ring be provided by the Show Management for each Judge employed, including Household Pet Judges.

No one shall smoke, use tobacco, or items represented as same. This includes but is not limited to electronic cigarettes, vapors and hookah pens.

Sec 4. Judging Rings Restricted Areas.

Only authorized officials connected with the Show Management shall be admitted to the judging enclosure except in cases where cats become unmanageable and the owner may be requested to hold the cat. The use of cell phones in the judging area while cats are present is STRICTLY prohibited.

Sec 5. Basis of Awards.

Judges shall base their awards in accordance with the ACFA Standards of Perfection and not upon what they personally like or dislike in a cat. All ribbons shall be withheld on a cat not having sufficient merit to score at least 94 points under the Breed Standard.

Sec 6. Final Awards.

- a. For shows other than Split Format Shows. In the final Awards presentation, a cat absent from the Show Hall before the advertised closing hour of the Show, or before 6:00 PM, whichever comes first, without the permission of the Show Manager shall be deemed to have been withdrawn without permission and shall forfeit all wins for the ring in which they are absent. *The Exhibitor, or his/her representative*, shall be responsible for notifying each judging ring of the approved absence of the Exhibitor's cat in the Finals. If the correct winner of the award can be determined from Class wins as written by the Judge in the ACFA copy of the Judge's Book, the award shall be remade by the Judge responsible for the error, otherwise, the award shall remain vacant. Within 7 days after being notified of an error, the Judge shall correct the error and inform the ACFA Executive Director, Show Secretary and the owner, or owners, of the cat[s] involved, in writing, of the change.

ARTICLE IX: GENERAL JUDGING RULES

Sec 1. Absence of Judge.

- a. Upon notification by a regularly appointed and advertised Judge, prior to his departure from his place of residence, that he will be unable to officiate at a Show for which he is contracted, the Show Committee may appoint a substitute Judge. In such cases, an Exhibitor may

decline to allow his entries to compete, but may not remove them from the Show Hall for any reason. The word "withdrawn" must be marked on the Judge's record and in the Marked Catalog opposite the cat's name or number. For the purposes of qualifying for Championships and Grand Championships, when the advertised Judge is unable to officiate, wins under the substitute Judge will be considered as having been earned under a "different judge" regardless of the identity of such substitute Judge.

b. When a regular appointed and advertised Judge becomes ill at a Show or is delayed en route to a Show for which he is to officiate and is unable to arrive in sufficient time to perform his contracted duties, the Show Committee may appoint a substitute Judge. If there is insufficient time for a substitute Judge to travel to the place of the Show, the Show Committee may appoint a substitute Judge that is exhibiting at the Show. This rule is an exception to Article VII, Sections 7 and 8. Rules pertaining to withdrawal of entries under the substitute Judge or wins awarded by the substitute Judge are as noted in "a" above.

c. Any Judge, advertised on either day of a Back-to-Back Show or either session of a Split Format Show and officiating at the Show on the day or session opposite to the one for which he was advertised, shall not be deemed a "different judge".

d. When a contracted Judge is unavoidably delayed in reaching the show hall, (i.e., by weather conditions or because of mechanical problems with transportation), any licensed Championship or Household Pet Judge may judge the ring's Household Pet entries in the ADVERTISED FORMAT in order to get the show underway for that ring. [This rule applies to emergencies that arise on the day of a show only, and does not carry an advancement in the status of the substitute Judge for any other classes or for other assignments.]

Sec 2. Identification of Entry.

Cats and kittens shall not be judged with ribbons on their necks or with other identification marks other than those required by law. This rule shall not prohibit a plain tag with the Show Entry number for identification of the Entry.

Sec 3. Ring Lighting.

Show Managers shall utilize daylight hours, as far as possible, for the judging. However, an adjustable flood/spotlight shall be available to light the area where the cat is being judged.

Sec 4. Order of Judging.

Sec 5. Class Judged.

All cats must be placed in their designated cages in the judging ring prior to judging, unless specifically requested otherwise by the judge.

Cats entered in the Open or Champion Classes shall be judged in the same Class in all rings for the entire Show even though they may qualify for the next higher Class during the Show. [Note: Cats achieving a higher Class the first day of a Back-To-Back Show or first session of a Split Format Show will be transferred to the higher Class for the second day or second session.]

Sec 6. Judge Must Handle Cat.

Judges must handle and physically examine all cats in the respective Classes. Any cat not amenable to handling on the judging table by the Judge should be cut one or more points for bad disposition, or may be disqualified by the Judge for that Ring, but shall count as present and competing. The cut for bad disposition should be on condition and should bear the notation by the Judge "unamenable to handling". Any cat severely scratching or biting a Judge or the handler shall be penalized. If the cat behaves in such a manner that it appears dangerous to the Judge, the Judge shall notify the ACFA Central Office, in writing, of the following: [1] Name of the Show at which officiating; [2] Name/Entry Number of cat; [3] Nature of cat's behavior. After two different Judges in 2 different combinations of Shows have filed such complaints against a cat, the owner of the cat shall be notified that the cat is barred from further competition in ACFA shows.

Sec 7. Absentees.

Judges shall record all absentees in the Judge's Book.

Sec 8. Deception or Fraud.

Judges shall disqualify any cat showing evidence of intent to deceive the Judge by any artificial means. If the Judge suspects any fraud in any classes previously judged, the Judge may reopen and re-judge such classes.

- c. A male having one or both testicles recessed [mon- or cryptorchid] may not be shown in the Championship Class.
- d. Cats that have been declawed shall not be penalized therefore.
- e. Undershot or overshot jaws shall be considered a defect in all breeds, whether or not stated in the Breed Standard of Perfection, and shall be cut one or more points, according to severity.

- l. Any ring in which a cat is disqualified will not count for year-end awards.

Sec 10. Withhold Wins.

When the winner's award of Championship points is withheld the Judge shall mark "WW" in the space provided for awards on the posting slip, the Judge's copy, and the ACFA copy of the Judge's Book. The Judge shall state the reason for withholding winners on the ACFA copy. Cats on which wins have been withheld for any reason shall not be eligible for any awards in that Judge's ring. Withhold shall be defined as meaning, "withhold **all** awards" although the ring will count for year-end awards.

Sec 11. Judging Schedule.

When two or more rings are held by a Club at the same time and place, a schedule of judging shall be decided prior to the beginning of the judging.

- a. Judging in all rings must commence at approximately the same time. In the case of a Split Format Show this shall apply to each session in the same manner as a back-to-back show on consecutive days.
- b. The Judging Schedule shall be such that each Judge will start judging a different Color Class or Breed, which will not, in any way, conflict with the other Judges.
- c. Cats being called to a ring for judging, in accordance with the schedule, take precedence over cats being called to a ring for Final Awards, unless the Final is already in progress. [Note: For purposes of this rule, a Final in progress is when the Judge has posted the numbers on the cages and an announcement has been made to bring the cats to the ring for Finals prior to the numbers being posted on the cages in the ring where judging is still being conducted.]
- d. The numbers and/or description of cats being called for a Final may NOT be broadcast to the show hall.

Sec 12. Conversation in Judging Ring.

Sec 13. Transfer to HHP.

Judges shall transfer to the Household Pet Class any cats entered in the Championship Classes showing evidence of mixed ancestry.

Sec 14. Wrongful Entry.

Judges may transfer any Open or Non-Championship Kitten exhibit wrongfully entered as to sex, color [excepting red or cream colors. A Judge may not transfer a red or cream cat/kitten to a tabby class or vice versa] or breed, providing such transfer was not made by the Show Management previous to starting the judging, and provided the Class in which the exhibit belongs has not already been judged, in which case the Judge shall mark "wrong class, not judged" in the Judging Book. However, any cat that has been entered as a Champion or Grand Champion in a certain Color Class may not be transferred to a different Color Class but must be judged as entered and cut accordingly under color and pattern.

Sec 15. Judges' Books.

Judges' Books shall be manually signed in pen and ink, and all notations thereon shall be made in pen and ink and shall not employ the means of a rubber stamp type signature to substitute therefore.

- a. Judges are to fill out all Final Household Pet, Kitten, Alter and Championship Awards for Best-in-Show in Longhair Specialty, Shorthair Specialty and Allbreed Shows.
- b. Judges are to fill out Best Champion awards for Top 5 Specialty rings.

- c. Awards as posted in the Judge's Book shall be final and shall not be changed except for the correction of obvious errors or in the case of the detection of fraud.
- d. If a cat or kitten which is given an award is later found to be ineligible to receive the award, for any reason, the award shall be given to the next highest cat in the classification. In the case of Top 10 or Top 5 Final Awards, all winners below the voided award will move up one place and the last place will remain vacant.

If the cat qualifies as a Champion on the first day or session it must apply for its confirmation [as described above] and be transferred to the Championship Class the second day or session. [3] It shall be the duty of the Show Committee to provide ample facilities for these examinations, and to provide an assistant for the Veterinarian who will clean and disinfect the examination table between cats or groups of cats.

[4] All cats or kittens entering the Show Hall, whether for the Championship Show, Household Pet Show, for sale or for any other purpose, must be examined by the Show Veterinarian.

[5] The Veterinarian shall examine each cat or kitten before it is caged and shall disqualify any cat that shows any form of contagious disease. Such disqualified cats shall be removed at once from the Show Hall. If any cat is not passed by the Show Veterinarian it shall be the responsibility of the Show Manager, acting for the Show Committee, to ensure that said cat is immediately removed from the Show Hall and not returned for the duration of the Show.

[6] If, in his expert opinion, the Veterinarian considers that the particular disease condition renders other cats or kittens exposed to the disqualified cat [either because they are from the same cattery or carried in a common carrier or vehicle] as dangerous to the health of the other cats in the Show, such cats may also be disqualified and removed.

[7] The Veterinarian shall also disqualify any male cats with bilateral cryptorchids [being defined as having neither testicle in the scrotum], obviously pregnant females [obvious to include professional palpitation of a fetus 3-4 weeks post conception], and any cat with a dangerous mental attitude.

[8] Each cat or kitten passed by the Veterinarian shall have that fact indicated on its cage tag which shall be displayed on the cage front throughout the Show.

Should the Show Veterinarian find it necessary, he shall order the immediate removal of the sick cat from the Show Hall and from further participation in the Show. Such cats shall be entitled to all prizes allotted to them prior to the decision of the Veterinarian, including any Final Awards which may be awarded after its removal.

b. Non-Vetted Show. When entries are not subjected to a Veterinarian Inspection the following rules apply:

Said Committee Member shall mark the Exhibitor's entry slip accordingly.

[2] Any Exhibitor, Judge or Show Committee member suspecting any cat of having a contagious or infectious illness or parasite infestation must report same to the Show Manager and it will be the duty of the Show Manager, acting for the Show Committee, to remove such cat to an area apart from the regular Show Room until a Veterinarian can pass upon the health of the suspected cat. In the event that a Veterinarian confirms and/or diagnoses contagious or infectious illness, the entry shall be disqualified, but awards received prior to the decision shall stand. If a Veterinarian certifies the entry free from contagious or infectious illness or parasite infestation, it shall be returned to the Show Room and normal competition. It shall be the responsibility of the owner or agent of the suspected entry to obtain a Veterinarians' services. Show Management shall provide as much assistance as possible.

[3] If, during the course of normal examination and judging, a Judge finds: an abnormality of the male testicles as described in a [7] above; an obviously pregnant female; or any cat with a dangerous mental attitude it shall be the responsibility of that Judge to disqualify that cat and to notify the Show Manager or a member of the Show Committee in order that Judges subsequently scheduled to handle said cat may be properly notified. If the agent or owner/exhibitor questions the Judge's opinion, a Veterinarian shall be consulted and the procedure as described in a [2] above shall be followed. In the event of a disqualification, all awards won prior to disqualification shall be retained with the exception of disqualification due to cryptorchidism, in which case all Judges shall be notified and all previous wins shall be voided.
